

## Welcome!

Thank you so much for choosing me as your photographer! As the founder of Time Capsule Studios, my goal is to provide my clients with professional services, quality prints, and a unique custom portrait photography experience. I am delighted to have you as a customer and will do everything I can to make sure you are completely satisfied with my service and your portraits.

Custom photography refers to the process of helping clients during the entire experience. I will work with you one on one from the time you book your session until your images are on display in your home, ensuring that you receive gallery-worthy artwork of your timeless memories.

Most sessions last about an hour, with the exception of newborns. You should also begin thinking about places in your home where you would like to hang your custom art! Living rooms, kids' rooms, entry/hallways, and bedrooms are all great spaces to consider. We can even discuss tailoring outfit colors and location to coordinate with a specific room theme!

I look forward to a fun and memorable session with you! Please do not hesitate to contact me with any questions or concerns you may have!

Sincerely,

Tanya Brennan
